Mimic Makers tells the stories of inventors who have harnessed the wisdom of nature to create groundbreaking technologies and solutions. From the inventor who designed a new type of wind turbine inspired by the shape of a humpback whale's fin to the engineer who created a new type of prosthetic hand inspired by the anatomy of a gecko's foot, these innovators are changing the world by mimicking nature's genius.

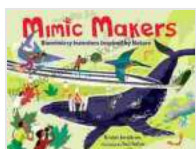

In Mimic Makers, you'll discover:

- The fascinating world of biomimicry, where scientists and engineers study nature's designs to solve human problems.
- The compelling stories of Mimic Makers who have been inspired by nature to create new technologies and solutions.
- The potential of biomimicry to revolutionize various industries, from medicine to architecture.

If you're interested in innovation, sustainability, or simply the beauty of nature, then you'll love Mimic Makers.

"Mimic Makers is a fascinating and inspiring look at the power of biomimicry. Adriana Picker tells the stories of inventors who have harnessed the wisdom of nature to create groundbreaking technologies and solutions. These stories are not only fascinating, but they also offer a glimpse of a more sustainable future." - Bill McKibben, author of Eearth

"Mimic Makers is a must-read for anyone interested in innovation, sustainability, or simply the beauty of nature. Adriana Picker's writing is engaging and informative, and she brings the world of biomimicry to life with vivid stories and stunning photography." - Janine Benyus, author of Biomimicry: Innovation Inspired by Nature
